THE COPPER CORNER

MAY, JUNE, JULY 2016 List #84 ----- “Something for Everyone”
18th Century “CONDER” TOKENS-----17TH Century tokens—19th Century tokens
Silver tokens, Unofficial Farthings, Medals, medalets, unusual historical items----

The new edition of Dalton and Hamer is now in the marketplace, and my partner Dean Thomas and I have not put ads into other media, but have been giving the Conder Token Club first chance at it.

The Standard Edition is available in the USA and in the UK, you will find it in the USA from ye Editor, Bill McKivor at The Copper Corner, Copperman@theCopperCorner.com . Also from Dean Thomas Publications, dean@thomaspublications.com , and at Kolbe and Fanning, df@numislit.com .

The cost is \$125, or \$135 with post, packing, and insurance. Dean and K&F take credit cards.

The Standard edition is available as well from Alan Judd in the UK. 88 pounds, with post. Contact Alan at micoBwright@aol.com or call him at 0115 877 3142.

Please note, Alan Judd has replaced Spink as the seller of the book in the UK.

The Deluxe Edition, with a slipcover case, is available only from the Copper Corner, as above. If you should like one of these, (25 books printed), there are now 6 copies left.---so order soon!! \$250 with post. Both editions have been met with good applause from happy buyers, for that we are grateful. Should you wish one of them, contact any of the people listed above. Payment can be made by check, pay pal, (slight additional cost), or by credit card. Ask whomever you contact what they accept for payment.

The May list seems to be the one where I talk a bit about the plans for the fall. Thus, will tell you what I know at the moment. Baldwin’s will be having their Baldwin Basement III sale. The first two have been very successful, with so far as I know, no remainders to be seen.

Many of the pieces listed as “unlisted” in the past two sales, but with the Davisson name by them and a number, are pieces that were unique at the time, and most of them remain that way, with no further examples being noted. If the BBIII sale follows the other two in this, there will be a fairly large number of unique or nearly so tokens for sale, many of them in very nice condition. It will be in London on 4 October.

Allan Davisson began an addenda in the 1990 edition of D & H, and expanded it with each new edition. With the 2015 edition the addenda has grown to 47 pages and two introductory pages. All those who contributed are named in the introduction, and an added initial after their name is carried over into the addenda next to whatever they supplied that is new.

Dix, Noonan and Webb some tokens in a June 9 and October 6 auction, one has the balance of the Robbie Brown sale. We can look forward to that. DNW just completed an auction of what were mostly group lots, with a sprinkling of tougher pieces sold individually.

The Baldwin auction ---Apparently it is Tuesday 4 October. Call them to make sure it is right. The Token Congress --(organizer, John Newman)-- will be held in Northampton 7, 8, and 9 October. If you wish to attend, let me know. Can help with contacts, hotels, transport, trains, and so on.

Onward and upward, ----The current list, as usual, contains some very nice pieces. I have scattered in some lower priced items --many from Scotland, where there are some not listed here in a while. Also, there are some interesting seldom seen rarities. I hope you enjoy it, and that spring is good to you. Bill

EVASION TOKENS

These pieces obviously made to deceive, were generally made from worn dies, and then blackened in the fire---so they looked to be piece that had already been circulated. Circulated they were, to the extent that many of them wore well down. Nowhere to redeem them, the public was stuck with them. Interesting series.

The medal made its way to the sale floor----I could not resist it. This is, of course, a piece with no value at all, except what the owner puts on it. Many thought it worth twice my asking price.

ANTI- SLAVERY Bust, William Wilberforce/Alligorical scene, "I have heard their cry" &c---Wilberforce pushed through Parliament a bill outlawing slavery in all its forms in the British Empire. This medal was made to celebrate that, in 1807. Very minor rim tics, otherwise EF and beautiful, AE, 53mm, this piece is a very important one, with super surfaces and nice luster, bronzed, great eye appeal. \$950.

Bust George III//Preserved from Assassination. Bust R//Eye of Providence over a burning alter. This a 48mm AE medal by Kuchler, Soho mint, 1800. The King was shot by a madman at Drury Lane Theater, but was basically not in mortal danger. Eimer lists this at 260 pounds, in EF. This a nice EF, but \$295 US.

The Colorado Silver Dollars of 1933.

In 1933, the depression was in full swing, and mining states were suffering. No silver dollars were being made, and there was little demand for silver. Colorado put out four medals extolling the value of silver, and sold them at \$1 each. Silver at the time was around \$16 an ounce!! Each is silver, 38mm, 1 ounce. Type one, two and three are all engraved. Made for the 1933 fair in Chicago, the makers decided that #1 was self serving, saying it would bring prosperity to Colorado. Changed that to # 2, simply deleting Colorado, then decided that was not enough and for # 3 added "trade mark Colorado" All were deemed not what they wanted, and type 4, a really nice struck piece with a mining scene, was made. **All four here. Group, \$950**
Type one----300 Issued, H&K 867, and quite rare today. PL UNC, MS 63, \$350.
Type two --2000 struck, most melted, so number is unknown. H&K 868 AU, very light toning, nice \$125.
Type three—Struck from the 2000 above, later melted down to make type four. H&K 869 Ch. AU, \$150.
Type four --mintage unknown, struck. Mining scene//Sheld of the state of Colorado. UNC, nice \$465.
